About Me

Passionate about Web development and Data Science with a strong interest in coding and problem-solving. I am eager to apply my skills in innovative projects and contribute to the advancement of technology.

Education

Jeppiaar Institute of Technology

B.Tech Information Technology (2022-2026)

CGPA: 8.03(upto 3rd Sem)

Projects

Smart Campus Waste management analyser using IOT sensor

Contributed to a project focused on detecting and identifying the waste in garbage. The system was designed to count the number of full, empty and half filled garbage in a specific area.

An interactive job and internship platform

platform will facilitate the seamless interaction between students, employers, and the government, ensuring transparency, accessibility, and real-time updates
